Principal:

Gold medal cannot be shared by two teams.
Silver and bronze medals can be shared.

If two or more teams are with the equal total score (preliminaries + finals) or the equal score of the World Cup or Challenge cup ranking first

The order of the criteria by which the winner is determined:

1. The higher score in the Finals (second competition day)
 2. The higher execution score in the Finals
 3. The higher execution score in the Preliminaries
 4. Superior Jury score is the result concerning these teams
- if there is no Superior Jury, the same system will be gone through, first technical score, then artistic score

CUP POINTS

World Championships
Junior World Championships

Principal:

The maximum amount of teams that go to the Finals is 12 teams by the ranking in preliminaries.

Exeptions

1. Only 2 best teams / country may enter the Finals after the preliminaries.
2. There is a continental place for every continent in Finals. If no team from a continent is within the 12 best teams, they will have an extra place in the Finals
3. There is a place in Finals for the best team from the organising country. If the best team of the organizing country is not within the 12 best teams in the preliminaries, they will have an extra place in the Finals.

If some country doesn't have a place to the Finals, the board has a possibility to nominate 1-3 teams to perform in the beginning of the Finals without competing in the Finals.
